Fun Facts

March 14, also known as π day is an annual celebration of the mathematical sign pi. Founder Larry Shaw chose this particular day because the first three digits for pi are 3.14. This also happens to be the birth date of Albert Einstein.

The Chicago River is turned green for a few hours each year on March 17th using green vegetable dye to celebrate St Patrick's Day. This tradition started in 1962 as a way for Irish Immigrants to celebrate their heritage.

MISSOULA CHILDREN'S THEATRE

A great big Thank You goes out to Mrs. Marian Howg for being our pianist for the Schools production of King Arthurs Quest. Your talent is inspiring. What a phenomenal performance, from the music to the lights and all the performers...Enchant school rocked the stage.

To the Geerligns family, Thank you for opening your home to Cayla and Cheray during their stay. I know they were very grateful.

One last thank you to ESAC for bringing this experience to the students and staff of Enchant School. A great time was had by all.

What 's the Amazing Shake? The Amazing Shake is a great way to teach students manners, discipline, respect , and how to conduct themselves in a professional environment . Students learn the mechanics of a proper handshake and work the room so that they are able to present themselves exceptionally well for opportunities today and in the future.

Enchant School would like to host an Amazing Shake with your help of course. We are looking for parents and business owners in our community who would like to take part in a fun afternoon of interaction with our Jr. High Students. If you would like to be a part of this unique event please contact Mrs. Bell at the office 403-739-3770.

ESAC—Enchant School Advisory Council (Parent Council) will be meeting on March 21, at 6:45 pm in the school kitchen. All parents are welcome to attend.

Mr. Moser's Message

Enchant School Community,

Another month has flown by and we are looking forward to all that spring will bring to Enchant School. A huge thank you to all those involved in Missoula's Children's Theatre's production of King Arthur's Quest. The students enjoyed the week and developed some great skills and confidence in the performing arts. I know that I enjoyed the show and there was a high level of energy in the school the entire week leading up to the performance. Thank you to Enchant School Council for sponsoring the event and all those that helped out with making the week a success.

Earlier in the month our School Ski trip was a huge success. All the students and parents in attendance enjoyed great weather at Castle Mountain. It was great to see the students' skills improve throughout the day as they seemed to get a little faster and confident with every run down the hill. What a fantastic opportunity to learn something new and enjoy the outdoors in a new way. Thanks to the School Council for paying for this experience for our students.

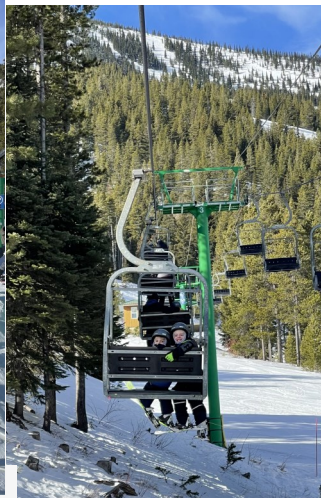

March is a great month for learning as we have less interruptions in our calendar and we look forward to working hard academically as we head into the final stretch of the school year. For those with students in elementary school, one of the best things you can do as parents to help your young students is to listen to them read and read to them on a daily basis. This steady routine of practice is what is needed to help students gain confidence and a love for reading. These literacy skills will transfer into all aspects of your child's learning. Report cards will be coming home on March 15th.

Badminton has started for students in Grade 6 to 9 with practices happening every Monday and Wednesday from 3:40 to 4:45. The season comes to an end at Easter Break.

Darryl Moser
Principal
Enchant School
