Student/Parent/Staff Newsletter

Photo Day

Just a reminder to all Kindergarten parents that Kindergrad photos are May 11th in the morning.

There will also be a whole school photo taken at this time as well.

Track and Field day

Our annual track and field day will be held on May 12th. We are in need of some parent volunteers. If you are interested in helping out please contact Mrs. Bell at the office 403-739-3770.

Fieldtrips

End of the year fieldtrips are always the best memories of school.

Grade 1/2 are headed to Casa in Lethbridge where the students will create some beautiful art and then they will bounce on over to the Westwind Gymnastics club.

Our Grade 5/6 class will swing on over to a grand adventure at SABC for a wide variety of activities.

Grade 9 Farewell

Wow has time flown by.

Its hard to believe that in just a few short weeks we will be celebrating the accomplishments and time our grade 9's have spent here at Enchant School.

The Grade 9 Farewell program will be held on May 26th starting at 6:30 pm.

Enchant School would like to extend a heartfelt welcome to Miss. Van Roessel who is here until the end of the school year as an educational assistant in all of our classrooms. Welcome to the Enchant School Family Miss Van Roessel.

Mr. Moser's Message

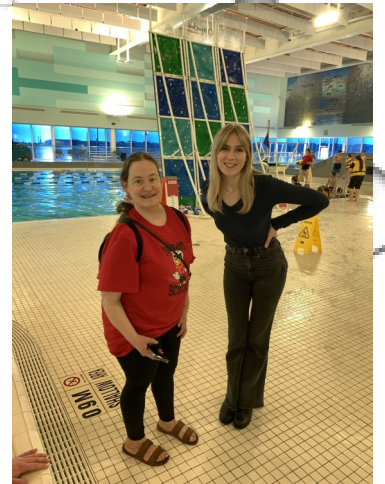

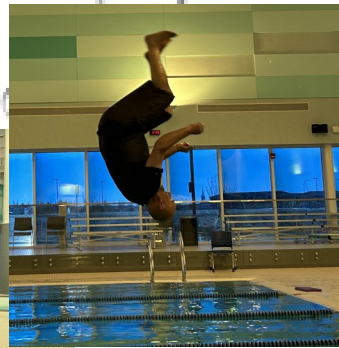

Enchant School Community,

We are starting a new month and nearing the end of the school year. April went by so quickly at the school with Easter break splitting the month in two. We enjoyed an excellent easter concert before the break and want to thank Miss Hiebert for all of her work getting the students ready for the performance. Our annual swim trip was enjoyed by all. It is so nice to take students to different activities and have confidence that they will behave in a manner that will reflect positively on our school and community! Spring is trying hard to stick around and the students have been enjoying warmer weather this last week and getting outside has been a little more enjoyable at recess time. We are also spending PE classes getting ready for track and field day which is happening on Friday May 12.

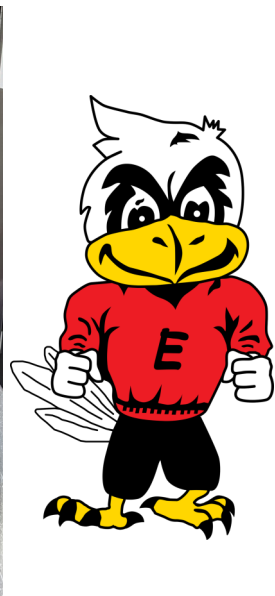

Congratulations to all of the Enchant eagles Badminton team who have worked hard all season improving their skills. We had a few of our athletes travel to Medicine Hat on April 1st to compete at the Mega tournament. This is the biggest tournament in southern Alberta and it provided our team with some strong competition. Most of our team made it to playoffs in their respective categories. This is a significant achievement as many of the categories had as many 40 entries. [Corny Wieler](#) made it all the way to the Bronze medal match and came up just short of the win. Divisionals were last week and we had some excellent results. Jacob Wieler won the bronze medal in grade 6 boys singles in our own gym as we hosted grade 6 divisionals. Willy Teichroeb won a bronze medal in grade 7 boys singles, Trudy Peters and Lisa Martens won bronze in Grade 8 girls doubles and a huge congratulations to [Jacob Teichroeb](#) for winning the gold medal in grade 9 boys singles. The whole team did very well at divisionals and we are proud of everyone.

The last 7 weeks of school brings with it provincial achievement tests for many of our students, year end fieldtrips, grade 9 farewell and many other exciting events. We look forward to all of the learning and fun events left in the year.

Darryl Moser
Principal
Enchant School

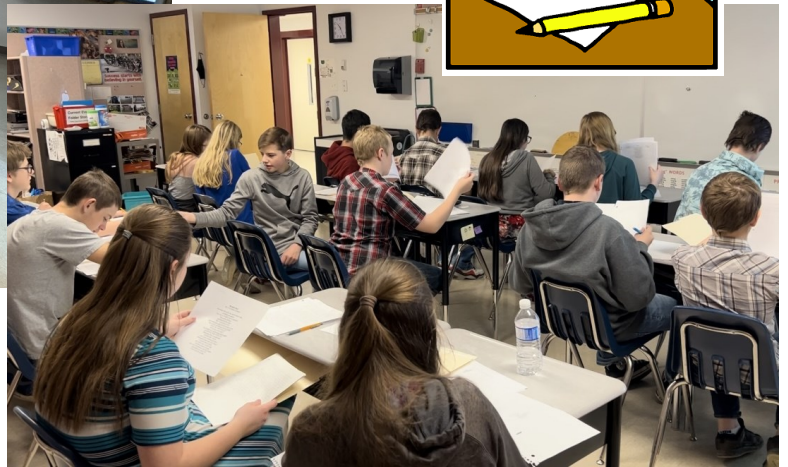

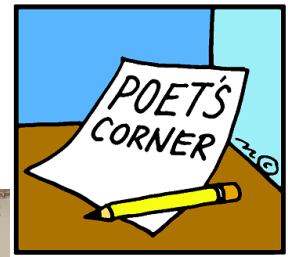

Jersey Day

Jr High

The Junior High's participated in a Poetry Cafe hosted by our student teacher Miss Frank. They each had a chance to conference with Miss Frank, all while enjoying a coffee shop atmosphere with instrumental music and snacks. The Cafe experience allowed students to organize and celebrate the portfolios they'd been creating over the past four weeks, showcasing poetry analysis, writing and personal reflections.

Grade 1/2

The best thing about the month of April has been the animal babies that visited our classroom! Thank you parents for bringing in chicks, bunnies and kittens. It is starting to get warm outside and the kids have been doing lots of Spring writing and crafts. In language arts we started learning about fables and the lessons in these old stories. The grade two's are subtracting with borrowing and the grade one's are learning about fact families. We are finishing our science unit about magnets and the kids made lots of cool projects. Thank you parent volunteers for helping in the classroom!

Grade 5/6

We had to say goodbye to our student teacher Miss Frank. Before she left she took students through the 6 steps in the electoral process. Last Thursday the class elected a class mayor and celebrated Nelly Groening's win. Students are now ready for the next unit in Social, the provincial government where we will be paying close attention to the upcoming provincial election.

Kindergarten

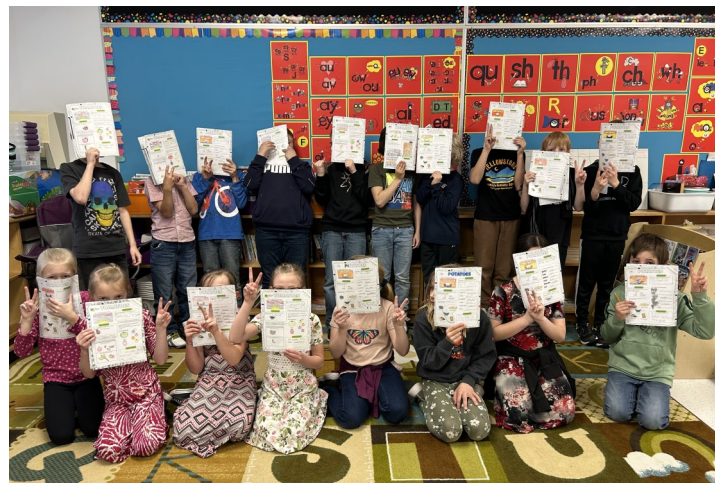

Kindergarten has been busy learning about spring through stories, activities and crafts. We are hoping to see some warmer temperatures outside soon to

reflect what we have learned. 😊 We have finished learning ALL the letters of the alphabet! We are now focussing on digraphs like th, sh and ch. We also have been trying to build some short vowel words using the knowledge we have with letter sounds. In math, we have been focussing on "counting on" from any given number to 10. We have been ordering numbers smallest to largest as well as printing these numbers.

Early Learning

Wow the year has gone by too fast. This month we had a blast searching for the treats that the easter bunny left on the playground for us and learning about spring. We have learned about flowers, frogs and ants so far.

Grade 3/4

We are thrilled to be participating in The Great Canadian Farm Tour throughout April & May. Students are able to virtually visit a variety of farms across the country to learn about sheep, agricultural research, tomatoes, greenhouses, and more! We are absolutely loving it so far, and our official booklets are very fun to work in as we participate. They include brain breaks, activities, places to record our learning, and even the provincial flags to colour!
