- 16 Parent Teacher Interviews after school
Shoe boxes due in .
Cardboard Boat Races U of L
- 17 No School
- 20 No School PD Day
- 23 Hot Dog Day
- 27 ESAC Meeting 7:00 pm
- 30 Twin day/Assembly

Operation

Christmas Child

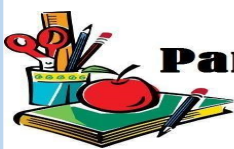

Shoe boxes for Operation Christmas Child have been sent home, please have them returned to the school on or before Thursday November 16th as they will be loaded up and taken to the depot after Parent Teacher Interviews on the 16th. Sorry but NO late boxes will be accepted this year.

This years Book fair will run from Tuesday November 14th to Thursday November 16th with the library open during Parent Teacher Interviews for everyone to look around and to purchase any items you are interested in.

Thank you to the Enchant Volunteer Fire Department for keeping our community safe, and for stopping by to educate our students on the equipment that they use on the many different calls they are asked to attend.

Parent-Teacher Interviews

Will take place on Thursday November 16th after school starting at 4:00 pm. You will receive a 1 hour block of time to see all of your child/children's teachers . Please keep in mind there are several other families here to speak to teachers as well, so try to limit your discussion to 5-10 minutes. If you are not available for the timeslot you have been given, please reach out to your child's teacher and make arrangements to meet at a more convenient time.

Moser's Message

Enchant School Community,

We have had another excellent month at Enchant School and we are looking forward to a busy and productive November. Before we focus on what is happening this coming month I want to thank the Enchant School Council for a delicious hot lunch this past month. It was enjoyed by everyone. A thank you goes out to all of the students that have been practicing volleyball over the last 7 weeks. The season ended last Friday with a fun tournament hosted here at our school. We welcomed Lomond School and Vauxhall Elementary for a fun afternoon of volleyball. Our teams did very well and showed great skill development throughout the season. It was fun to watch the athletes apply all of their skills to a game situation against other teams. Everyone seemed to enjoy themselves and have fun.

On Friday November 10th we will be recognizing Remembrance Day with our annual Remembrance Day Ceremony. This year we plan on holding our Remembrance Day Ceremony downtown by the mural that has recently been painted recognizing the service of local community members. Our ceremony will begin at approximately 10:45 on November 10th. Of course this is dependent on the weather. If the weather does not cooperate with us we will be having the ceremony here at the school. As is always the case we welcome and encourage community members to join us for this event.

Report Cards will be coming home on Wednesday November 15th. Parent Teacher Interviews are the afternoon/evening of November 16th. Horizon School Division has implemented a new report card program this year so the report cards will look a little different than what we have become used to over the last several years.

We have a couple of student teachers that have joined us for the months of November and December. Miss Werkman will be working in our Grade 1/2 class and Miss Baron will be working in our 3/4 and JH classes. We look forward to having them work at the school over the next couple of months.

Fire Prevention Week

Crazy Hair Day!

Enchant School Entertainment

The grade 5/6 class has been busy learning about climate change and the negative effects it has on the environment and the living things in it. In partners, students took turns sharing their research with the school during morning announcements. It was a great opportunity to share their learning but also practice leadership skills and public speaking.

In Early Learning we have spent the past month exploring pumpkins and experimenting with cause and effect. As well as talked about what we could be when we grow up and we sure did have some fun conversations. The children are working on developing their play and playfulness as they explore environments which encourage them to problem solve and use their creativity. In which has allowed each child the opportunity to build on their own confidence and self esteem. In November we will be using our playful exploration to look at numbers, letters, and colors. The children are then able to use these concepts in their everyday lives to which they can relate in their everyday experiences.

The grade 1/2 class has had a very busy October! The grade one's are continuing to read simple words and pattern stories. The grade two's are working on more difficult words and they are pushing themselves as writers. In math the grade one's are exploring numbers to 20 and the grade two's are working on numbers to 1000. We started a new unit about energy and movement in science. In social studies, the class has been busy learning about the environment and how to take care of the earth. We are looking forward to having a student teacher from the University of Lethbridge in the classroom. Her name is Miss. Werkman and she will be joining us in November.

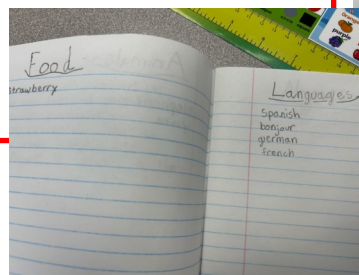

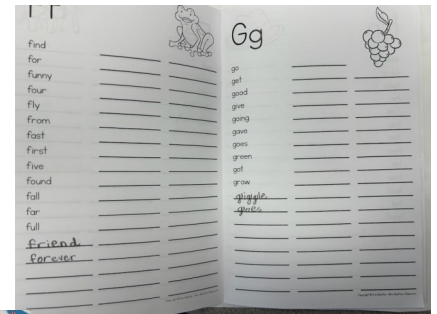

Kindergarten students have been learning and growing so much this month. Pumpkins have been the topic of choice.

We have read stories, compared varieties of real pumpkins and their uniqueness and completed some nice crafting projects. In math, we continue to do counting and have expanded to number 6 as well as learning all our 2D shape names. In the month ahead, we are hoping to start some patterning in math and some rhyming skills in language learning. We will continue to build with our letter names and sounds as we head into No-

Grade 3/4 have started working on building their vocabulary skills by making their own word bank dictionaries. These will come in handy for writing activities. It is so exciting to see how each student is choosing the words that will best help them.

The Junior High class has been working very hard on their design for the cardboard boat races that are taking place at the U of L on November 16th. Good luck to the students who will be participating in the competition. Go Eagles!
