

December Dates to Remember

- 1 No School
- 5 Jr High Skills Exploration Day
- 7 Hot Dog Day
- 13 German Christmas Concert 6:30 pm
- 20 Christmas Concert 6:30 pm
Early Learning Winter Wonderland 2:45 pm
- 20 Red & Green Day
- 21 ESAC Turkey Dinner
- 22 Start of Christmas Break

With the holidays upon us Enchant school would like to be able to help those who are in need by hosting a holiday food drive. If you have any items to give to the food drive please send them to school and we will make sure they get to the Vauxhall & Area Food Bank. We will be accepting donations from December 1st until December 20th.

Happy Holidays everyone!

Happy Holidays

Mr. Moser's Message

A big thank you goes out to all those parents that made time to come out to Parent Teacher Interviews this past month. The teaching staff find the interviews helpful in meeting the learning needs of the students in their classrooms. We have had a great first term with lots of learning and work being done at the school on a daily basis.

As we head into the final month of this calendar year we are busy preparing for Christmas Concerts. Our Mennonite Concert is scheduled for Wednesday December 13th at 6:30 pm and our whole school Christmas Concert will be on Wednesday, December 20th at 6:30 pm. We look forward to seeing all of you out for these two events.

Thank you to all of our school community members that stepped up once again to support the Christmas Shoebox campaign. We had a large number of shoeboxes full of items donated to ensure that Christmas happens for some of the less fortunate.

The month of December can be a busy one for everyone. As we head into this time of year keeping regular schedules and routines are helpful in allowing students to come to school and be successful on a daily basis. We appreciate the efforts of parents in helping to make this happen. Study after study confirms the crucial role that healthy sleep routines/practices have in maximizing students ability to learn and develop.

The staff and I look forward to seeing you all at our upcoming concerts and hope that you have a great month of December. Please feel free to call the school if you have any questions or concerns.

Darryl Moser

Thank you so much for supporting our Dino-Mite book fair this year! Your contribution helped our Library receive over \$850.00 for new books! The students are so excited to take these books home, and I am working hard to get them on the shelves as quickly as I can! I hope you enjoyed the bookfair as much as I did!

Mrs. Howg

Congratulations to all of our winners:

Pre-K - Peter Guenther & Barrett Devries

K - Susie Neudorf & Alan Camacho

1/2 - Margret Tiechroeb & Leanna Peters

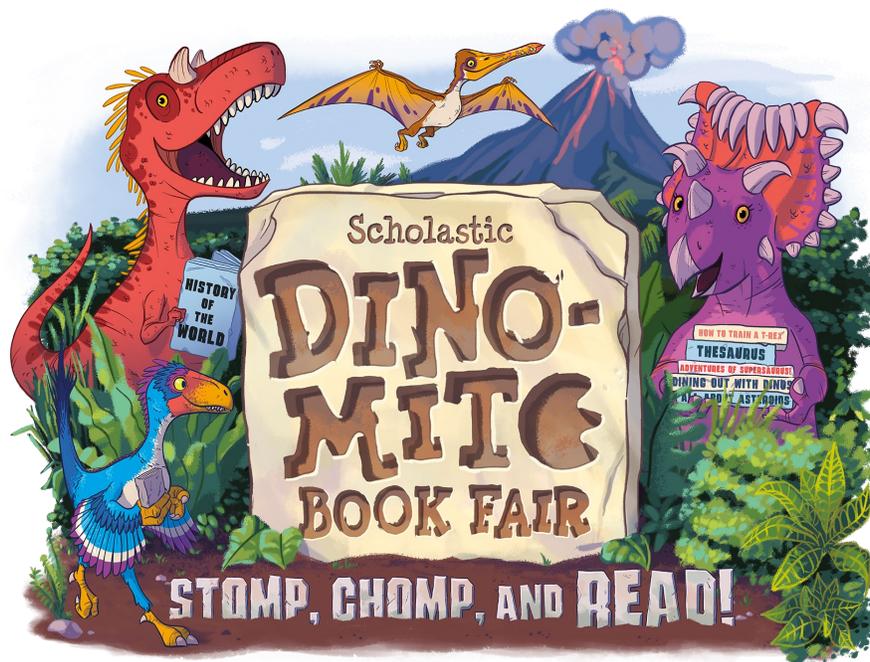

3/4 - Benjamin Froese & Isobel Reid

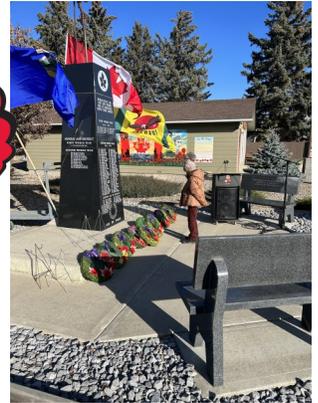

5/6 - Neta Driedger & Matthew Dyck

JH - Esther Loewen & Emily Thiessen

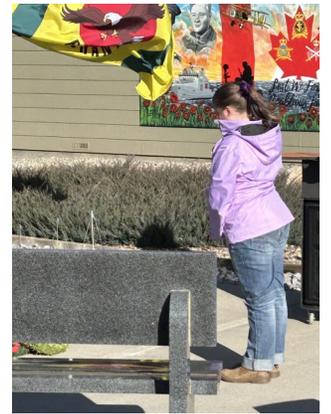

Final draw \$25 for student \$25 for class - Jacob Bergen

A very special thank you to ESAC for donating a gift card for 1 student in each class.

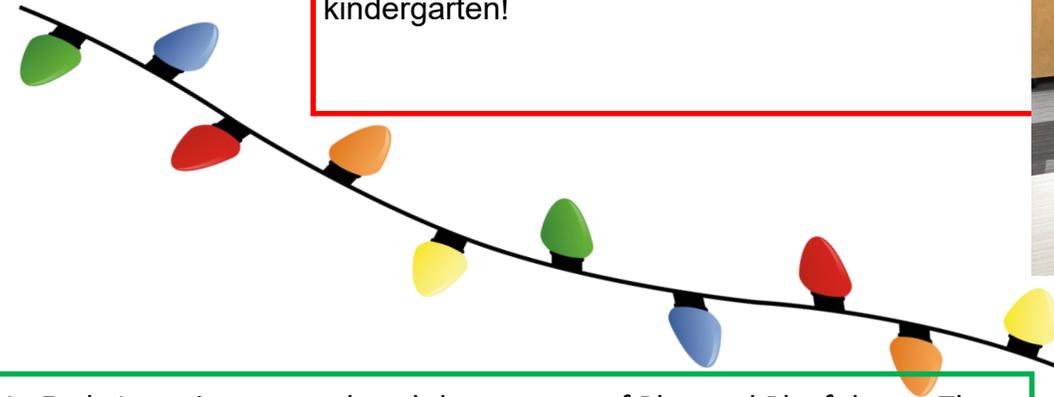

Remembrance

Wow! Where has the month of November gone?! Students have spent some time learning about bears and their characteristics. In math, patterns have been the focus. We are getting good at extending patterns and have extended two and three item patterns. In Social, we discussed "bits and bobs" about Canada centered around remembrance day and our Canadian flag. As we head into December, we will be talking about Christmas and traditions. Kindergarten is also practicing hard to learn our Christmas selections and hope to see you at the school Christmas concert. Thanks to all parents who came to parent teacher interviews. Your child has learned so much in the few months that he/she has been in school. We have certainly been learning and growing in kindergarten!

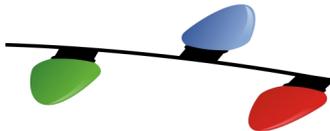

In Early Learning we explored the concept of Play and Playfulness. The children explored intently with colours, numbers, and letters. In doing so this created conversations which allowed the curiosities to grow. There have been many invitations to play to which the children took on with imagination, to mix colours and see what they could make. As a group we looked at the first letter of our names, which we were able to find similarities and differences. It allowed the children to test theories and to create more possibilities of play.

As we enter into the colder months, we will explore more gross movement opportunities inside as well as the many possibilities with snow. The children will be able to spend time with loose parts which invite them into create possibilities. We will be looking forward to having our parents in for some winter activities.

November 8 was "I Read Canadian Day". One of our new favourite classroom books is *The Wonders That I Find* by Canadian author Meghan J. Ward & Canadian illustrator Tay Odynski.

With Miss Baron, one of our student-teachers, the 3/4's read the picture book *The Dot*. After reading the book Miss Baron gave them each one dot to use as part of an artistic creation. The drawings they came up with were all SO good, and all unique. They participated in a Gallery Walk afterwards to share about - and view - the imaginative pieces!

This month the spectacular students of grade 5/6 have been munching on some marshmallows that came from our solar ovens. It wasn't quite as sunny as we hoped for it to be, but we are looking forward to trying again in the spring. We have also been working on descriptive paragraphs, which have been coming along Great! Another fantastic thing is that we are sharing book talks with the whole class.

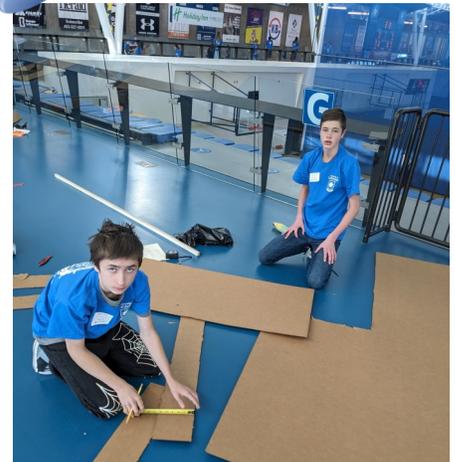

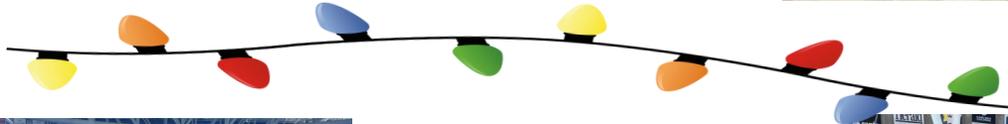

Have a great month everyone! 😊

Submitted by Mattie Thiessen

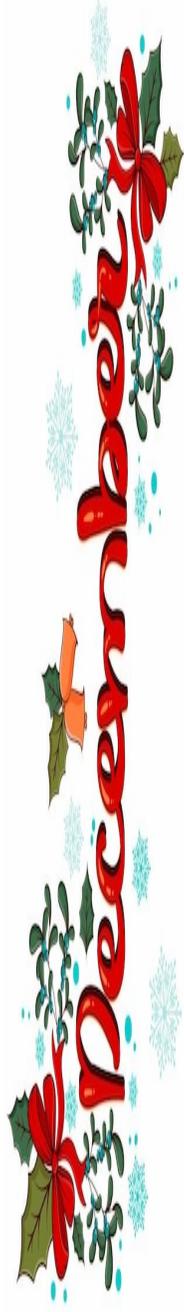

November has been a fantastic month in the grade 1/2 classroom! We have a student teacher and she has been doing a great job. Miss. Werkman has been teaching some grade one math, science and social studies. In math class the grade one's are starting addition and the grade two's are learning numbers to 1000. We are all working on becoming better readers and writers. Everyone has been reading and writing daily! In science we have been learning about animals and how they move. The kids have been exploring urban and rural communities in social studies. We are looking forward to December and are starting to get ready for the Christmas concert!

Congratulations to our grade 9 students who competed in the cardboard boat races. They did an excellent job of designing and building their watercraft. They even made it all the way across the pool. Way to go!
