## January Events

- 8 Welcome Back
- 15 ESAC Meeting 7:00 pm school kitchen
- 18 Hot dog Day
- 19 No School
- 25 Hot lunch/Assembly

Thank you to everyone who donated to our holiday food drive. I know that the volunteers at the food bank are extremely grateful and I am sure those families that are in need are even more so.

We had a great turnout for both the German program and the Christmas concert . The students and the staff put a great deal of effort and practice into sharing their talents with you and we appreciate your continued support of these events.

*Merry Christmas to each of our Enchant School Families, may the holidays bring you happiness and joy that remains throughout the year to come.*

# Moser's Message

Merry Christmas and Happy New Year from the staff and students of Enchant School. At this holiday season we have the opportunity to reflect on the year that is coming to an end and ponder the start of a brand new year. This is also a time of year that we recognize those parts of our lives that we are most grateful for. At the school we are grateful for many things. We are fortunate to have the opportunity to work with a great bunch of students and we are also grateful for the support of a fantastic community.

A huge thank you to our School Council and volunteers that have planned, prepared and served a fantastic Turkey lunch at the school. We appreciate all of the effort and work involved to make our last day of school a memorable one.

We all had the opportunity to be entertained and feel the Christmas spirit at a fantastic concert last night. A big thank you to all involved in making it a success. Over the holidays it is my desire that everyone takes some time to relax and reflect on those things in our lives that we have been blessed with. Take the opportunity to reconnect with loved ones. In a world so caught up in materialism and gifts, we know that time spent with those nearest to us is the most important gift that we can give and receive.

Be safe. We look forward to seeing you all in the New Year!

Darryl Moser  
Principal  
Enchant School

Jr high skills exploration day was a great success. The students learned a great deal and had fun at the same time.

Lots of fun projects and activities have been happening this month in the grade 3/4 room! The students made breathing flowers with Ms. Kirsti to help when they are feeling stressed, or when they need a way to calm themselves. The students also made a fun sock snowman Art project with Miss Baron, during her last week of student teaching here at Enchant.

This month the grade 5/6 class have finished their unit on forces in science. We have some wonderful art displayed on the bulletin boards. The amazing people that are here wish everyone a Merry Christmas plus a Happy New Year!

It truly was a winter wonderland in Early Learning this month. As we had some fun dress up days and enjoyed holiday activities. We experimented with loose parts and discovered the new possibilities that came along with it. We has our first experience with baking where the children were able to measure,

mix and create.. We are looking forward to a busy January still engaging with winter items and continuing our learning further. Wishing you all a restful break and look forward to the new year.

The grade 1/2 class hand delivered some Christmas cheer around Enchant by making and delivering Christmas cards to some very important members of our community. Merry Christmas from the Grade 1/2 class!

*Happy  
Holidays*

*Merry  
Christmas*

Thank you to Enchant School Advisory Council for all your hard work putting together our Christmas Dinner. You all are amazing. It was a great way to end the year.
